Oleg Rusin, QA Engineer

Minsk, Belarus +375296218162 | rusinoa@gmail.com
LinkedIn https://www.linkedin.com/in/olegru5in, GitHub https://github.com/OlegRu5in

Summary

I am a graduate of testing courses and my skills and knowledge in this area have increased significantly. I have good knowledge of basic testing methodologies and approaches. I have experience with various tools and technologies such as JIRA, QASE, Youtrack, Postman and others, which allows me to successfully perform testing in different environments and at different levels. I have skills in writing test cases, creating and executing test plans, as well as analyzing test results and writing reports. I am analytical, have an eye for detail and can work effectively both independently and in a team.

Professional Experience

OJSC "Minsk Wheel Tractor Plant"   **2012 - 2014**
design engineer
  ➢ Developed and optimized more than 30 models of parts for traction systems, providing higher reliability and efficiency.

Functional software testing: artsiomrusau.com ,   Jun 2023 – Sep 2023

Education

Higher education
Belarusian National Technical University, Minsk, Belarus   June 2012
Higher education
Republican Institute of Innovative Technologies, Minsk, Belarus   June 2012
Master of Engineering Science
Belarusian National Technical University, Minsk, Belarus   December 2013
QA engineering, https://www.artsiomrusau.com/
Course "Software Functional Testing"   September 2023

Skills & Others
